

HOW TO VIEW MY CHILD'S PROGRESS IN EDSBY

The first step to view your child's progress is to access Edsby either through an internet browser or the Edsby app.

1. Internet access:

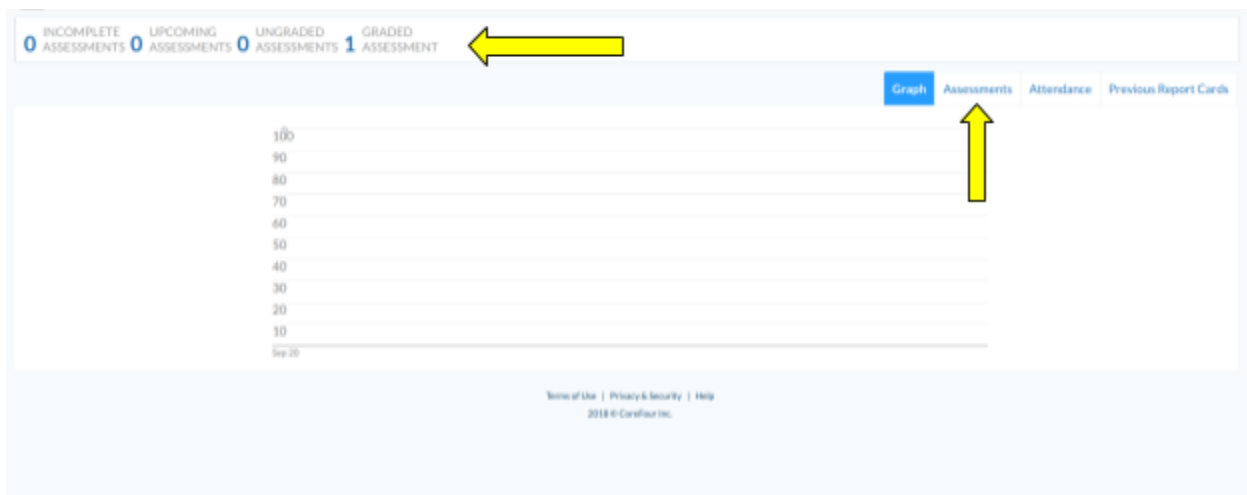

- a. Go to [Edsby Link \(https://rdcrs.edsby.com\)](https://rdcrs.edsby.com) and log in.
- b. After clicking on your child's name, you will see a list of his/her classes.

- c. Hover over the class (or subject) you wish to view progress in. Your child's teacher will have shared with you which classes or subjects he/she has reported on. You will then see a **"My Work"** button appear. Click on **"My Work"**

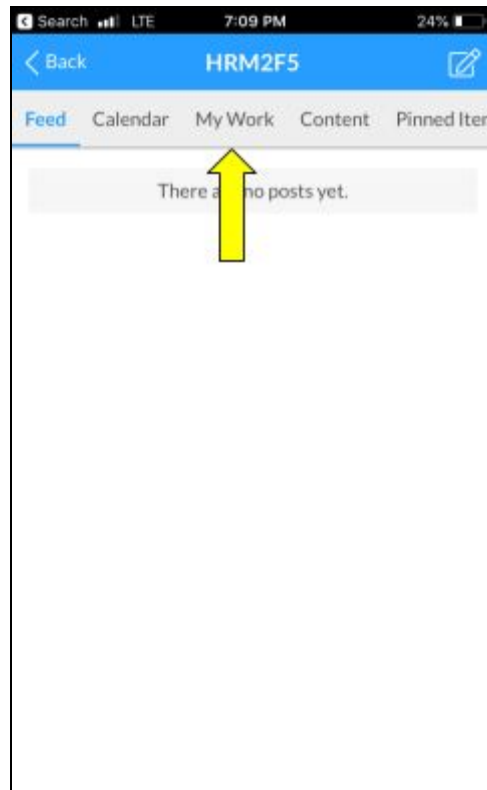

- d. You will then see a page that looks like this. From here you can either click on the blue number beside "Graded Assessment" (1 in the above screen shot) or click on the Assessments tab to view your child's progress. Please note - if there is a "0" beside "Graded Assessment" the teacher has not shared progress in this class.

2. Edsby app:

- a. Download the free Edsby app.
- b. Use **rdcrs** as the internet server when requested.
- c. Log in to Edsby - your email is your username.
- d. Choose your child's name.
- e. After clicking on your child's name, you will see a list of classes. Your child's teacher will have shared with you which classes or subjects he/she has reported on.
- f. Select a class by clicking on it.
- g. Click on "**My Work**" on the following screen to see assignments/outcomes/comments and progress indicators.

RDCRS is working to have the "Progress Report" button available again. This button allows parents to view progress in all classes, without having to manually select each class.
