April 3, 2020

Dear parents and guardians,

We hope you had a great first week of online learning. Our staff has enjoyed connecting with you and your children again. We know there is excitement and challenges in having a new digital learning platform. We appreciate the efforts our students and families have put into navigating this new learning. Please know that we are here to support you through this learning. Our staff are learning these new technologies as well, and we very much appreciate their dedication in this learning. Thank you for being patient with us as we continue to support your children and develop our online learning model here at École Our Lady of the Rosary School. This upcoming week's learning activities will be posted on Monday at noon, and as per Alberta Education Guidelines there will be an average of 5 hours per week of classwork in literacy and numeracy for Grades K-3.

Teachers have two hours of daily office time within each school day dedicated to answering student and parent questions about assignments for the week. During these times, students and/or parents can connect with teachers via email, phone or video chat. Outside of these times staff will focus on working with students, developing online activities and lessons, providing feedback and assessing student work. If a student or parent cannot connect with a teacher during office hours they can email the teacher to arrange for another time.

Finally, we pray you are all well during these challenging times. If you have any questions or concerns please feel free to email or call me at the school.

Yours in Catholic Education,

Rob Coumont
